

Iron Horse Saves Fellow Chamber Member's Eye Sight

On June 13th, the Greater Springfield Chamber of Commerce held its annual Business to Business Tradeshow. Our booth featured the images of the wet, miserable dog and the dog having the good hair day. While we have to admit those pictures have very little to do with the computer management and security services that we provide, they do seem to get people's attention. We saw more than our fair share of strange looks and doubletakes as show patrons walked by our booth that day!

We'd like to thank everyone who came by to see us. We met a lot of nice people and learned a thing or

two about businesses in the area of which we were completely unaware. It turns out that we may have some business for them!

We also would like to congratulate Jeff Pennington from Kingstowne Insurance. He was the winner of our raffle for the 19" LCD Monitor. For those of you who don't know Jeff, his company represents Erie Insurance, which JD Powers ranks #1 for claims service. Like Iron Horse, he works well with small businesses such as doctors' offices, hair salons, travel agencies, small contractors, and other businesses of that type, offering them, "the best coverage

at the best rate."

Apparently, we have Jeff's undying gratitude. He's been straining to see on a small laptop screen while working from home. Now, thanks to the new monitor, he may stave off those reading glasses a few more years! Congratulations again, Jeff.
